Winner of a 2006 Logos Book Award! Do you long for a deep, fundamental change in your life with God? Do you desire a greater intimacy with God? Do you wonder how you might truly live your life as God created you to live it? Spiritual disciplines are activities that open us to God's transforming love and the changes that only God can bring about in our lives. Picking up on the monastic tradition of creating a "rule of life" that allows for regular space for the practice of the spiritual disciplines, this book takes you more deeply into understanding seven key disciplines along with practical ideas for weaving them into everyday life. Each chapter includes exercises to help you begin the practices- individually and in a group context. The final chapter puts it all together in a way that will help you arrange your life for spiritual transformation. The choice to establish your own sacred rhythm is the most important choice you can make with your life. Read more Read less
